Community Connections Family Centre:

Childcare and Preschool Programming for Children 30 months to 5 years. The Family Centre offers a preschool program within the childcare day. We have designed a morning program influenced by a traditional preschool program offering opportunities to participate in a learning circle and story time that will gently challenge preschool children preparing for kindergarten. We will make every effort to accommodate your childcare needs, however we may not always be able to do so. In this circumstance please meet with us so we can look at alternate scheduling.

Corner Stones Child Care:

A program of the Revelstoke Child Care Society

This preschool program takes place within the child care day. The program is offered daily from 9:00 am-12:00pm. All day child care also available from 7:00 am-6:00 pm.

Our goal is to provide a program that will promote the child's physical, emotional, social, intellectual, and aesthetic development. We provide a theme based program geared towards the child's interests. We understand that children learn through play, (as well as the educators!). We respect that each child is an individual with his/her own likes, abilities and needs. Materials are carefully selected to promote development of the whole child.
